New 'Handmade Carpets'

Rugs are made by hand in natural fibers of wool, linen and cotton to satisfy individual wishes and needs, resulting in unique rugs, that are one of a kind

Handmade Carpets

“Shadow” gives that special feeling as Neil Armstrong described in 1969.
 His step on the moon was pure magic,
 a small step...a giant leap...
 a sculpture, a movement,
 suddenly stopped,
 forever,
 like in Pompei.
 Take your first step on the “Shoadow” rug
